

American grown cotton, free of any dyes, bleaches or other potentially irritating chemicals, EcoSlings are biodegradable and a truly green multi-use single patient sling.

Eco Fabric

- 90% cotton construction and gentle on skin
- Cotton provides excellent airflow and breathability
- Hypoallergenic natural fibers
- Biodegradable / environmentally friendly
- Designed to be left under the patient
- Reduce laundry costs, remove the fitted sheet and draw sheet, placing the Eco Repositioning Sling directly on the mattress
